

3rd Class Medical Reform and PIC Responsibility

The 3rd Class Medical reform is on our doorstep. Within 1 year of passage of the Pilots Bill of Rights there will be a major improvement in the medical testing for many private pilots operating aircraft weighing less than 6000 lbs. and having 5 seats or less. Join Senior Aviation Medical Examiner Thomas Gross as he walks us through these changes and what requirements the PIC must meet. Don't miss this exclusive briefing. Click the link below and register TODAY.

Directions: From Rt 1, follow Rt 144 for 1/2 mile and turn onto the Chewonki (Neck) Rd. Turn into the airport entrance with the blue sign. The seminar will be held in the tan FBO building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
